

Chyvon Pala, better known by his stage name Chivv, is a former member of the rap group SBMG, known for their hits like "Oeh Na Na", "4x Duurder" and "LIT", amongst others. With SBMG, Chivv reached over 400 million streams on Spotify with the ultimate crowning achievement of a national number one album (Metro 53) in June 2018. In early 2019, the SBMG adventure came to an end and Chivv embarked on a solo career.

In recent years, Chivv has repeatedly proven that he is a guaranteed success. In February 2019, Chivv got his first solo number 1 hit with the song "Ewa Ewa". The song was certified gold in 10 days and spent 16 weeks on top of the charts.

In September 2019, Chivv released his first solo album entitled "2 Borden, 1 Tafel". It rocketed into the top 100 albums at number one and stayed there for 29 weeks. After the success of Chivv's first solo album, the rapper decided to release his second solo album under the name "Un4gettable Nights", a reference to his own label "Un4gettable Music", which he has been running completely independently since 2020. This album once again reached number one in the charts. At the end of 2021, Chivv reached the milestone of 1,44 billion Spotify streams. With this album too, Chivv has taken the charts by storm and immediately reached number one. With several hits and number one albums under his belt, Chivv is ready to show more and more of himself as a solo artist in 2022.
